

The Weight is Over

There's a safer, healthier way to lose weight and keep it off!

The LAP-BAND System procedure is a revolutionary way to **control your hunger, lose weight and improve your health:**

- No stomach stapling or intestinal rerouting
- Less than 24-hour hospital stay
- Adjustable and completely reversible
- 10 times safer than gastric bypass

“I suffered from type 2 diabetes because of my weight. Thanks to the LAP-BAND, I lost 130 pounds, no longer take diabetes medications, and am able to live my life again!”

—LAP-BAND patient Alan

Dr. Robert V. McKeen
